• Do not use in areas where loud noise is present.

• Do not use in areas where vibration is present.

• Do not use in areas where dust or debris is present.

• Do not use in areas where fumes or smoke are present.

• Do not use in areas where fire or explosion hazards exist.

• Do not use in areas where high voltage or electrical equipment is present.

• Do not use in areas where heavy machinery is operating.

• Do not use in areas where loud noise is present.

• Do not use in areas where vibration is present.

• Do not use in areas where dust or debris is present.

• Do not use in areas where fumes or smoke are present.

• Do not use in areas where fire or explosion hazards exist.

• Do not use in areas where high voltage or electrical equipment is present.

• Do not use in areas where heavy machinery is operating.

• Do not use in areas where loud noise is present.

• Do not use in areas where vibration is present.

• Do not use in areas where dust or debris is present.

• Do not use in areas where fumes or smoke are present.

• Do not use in areas where fire or explosion hazards exist.

• Do not use in areas where high voltage or electrical equipment is present.

• Do not use in areas where heavy machinery is operating.

• Do not use in areas where loud noise is present.

• Do not use in areas where vibration is present.

• Do not use in areas where dust or debris is present.

• Do not use in areas where fumes or smoke are present.

• Do not use in areas where fire or explosion hazards exist.

• Do not use in areas where high voltage or electrical equipment is present.

• Do not use in areas where heavy machinery is operating.

• Do not use in areas where loud noise is present.

• Do not use in areas where vibration is present.

• Do not use in areas where dust or debris is present.

• Do not use in areas where fumes or smoke are present.

• Do not use in areas where fire or explosion hazards exist.

• Do not use in areas where high voltage or electrical equipment is present.

• Do not use in areas where heavy machinery is operating.

• Do not use in areas where loud noise is present.

• Do not use in areas where vibration is present.

• Do not use in areas where dust or debris is present.

• Do not use in areas where fumes or smoke are present.

• Do not use in areas where fire or explosion hazards exist.

• Do not use in areas where high voltage or electrical equipment is present.

• Do not use in areas where heavy machinery is operating.

• Do not use in areas where loud noise is present.

• Do not use in areas where vibration is present.

• Do not use in areas where dust or debris is present.

• Do not use in areas where fumes or smoke are present.

• Do not use in areas where fire or explosion hazards exist.

• Do not use in areas where high voltage or electrical equipment is present.

• Do not use in areas where heavy machinery is operating.

• Do not use in areas where loud noise is present.

• Do not use in areas where vibration is present.

• Do not use in areas where dust or debris is present.

• Do not use in areas where fumes or smoke are present.

• Do not use in areas where fire or explosion hazards exist.

• Do not use in areas where high voltage or electrical equipment is present.

• Do not use in areas where heavy machinery is operating.

• Do not use in areas where loud noise is present.

• Do not use in areas where vibration is present.

• Do not use in areas where dust or debris is present.

• Do not use in areas where fumes or smoke are present.

• Do not use in areas where fire or explosion hazards exist.

• Do not use in areas where high voltage or electrical equipment is present.

• Do not use in areas where heavy machinery is operating.

• Do not use in areas where loud noise is present.

• Do not use in areas where vibration is present.

• Do not use in areas where dust or debris is present.

• Do not use in areas where fumes or smoke are present.

• Do not use in areas where fire or explosion hazards exist.

• Do not use in areas where high voltage or electrical equipment is present.

• Do not use in areas where heavy machinery is operating.

• Do not use in areas where loud noise is present.

• Do not use in areas where vibration is present.

• Do not use in areas where dust or debris is present.

• Do not use in areas where fumes or smoke are present.

• Do not use in areas where fire or explosion hazards exist.

• Do not use in areas where high voltage or electrical equipment is present.

• Do not use in areas where heavy machinery is operating.

• Do not use in areas where loud noise is present.

• Do not use in areas where vibration is present.

• Do not use in areas where dust or debris is present.

• Do not use in areas where fumes or smoke are present.

• Do not use in areas where fire or explosion hazards exist.

• Do not use in areas where high voltage or electrical equipment is present.

• Do not use in areas where heavy machinery is operating.

• Do not use in areas where loud noise is present.

• Do not use in areas where vibration is present.

• Do not use in areas where dust or debris is present.

• Do not use in areas where fumes or smoke are present.

• Do not use in areas where fire or explosion hazards exist.

Hoogwaardige DTF-inkt uit het CMYK-palet met een inhoud van 1000 ml. Zorgt voor een perfecte kleurweergave, hoge hechting en duurzaamheid op materialen.

Type: Harde inkt

Kleur: Geel

Houdbaarheid: minimaal 6 maanden

Compatibele printhoofden: DX5 | DX7 | DX8 | TX800 | XP600 | I3200| I1600| 4720 | 1390
